**✳ Considerations**

- If applying to a department that is recruiting a specific major, you must specify your major when filling in the admissions application.
- Religious Studies Department applicants, as a rule, should be students who majored or minored in theology in undergraduate or graduate school. Students from other majors are required to have a preliminary consultation with the Dean of the Religious Studies Department before applying.
- Department of Psychology recruitment is limited to Counseling/Clinical Psychology, Cognitive/Development Psychology and Social/Industrial Psychology.
- The Gender Studies Cooperative Program gives advantages to those with experience in organizations related to women.
- In the Interdepartmental Cooperation Program, Science Communication, Gender Studies and Southeast Asian Studies belong to Humanities and Social Sciences, and Integrated Biotechnology belongs to Engineering.
